

## MEDUMI PARK

The park in Medumi is located near Medumi lake, that was arranged by botanical garden manager from St. Petersburg Lacky in the beginning of the 20th century.

In the park you can see a great variety of plantation – ashes, oaks, lindens, elms, scarlet dogberries, Daugava hawthorns, European spindles, balsam firs, European larches, Colorado sharp spruces etc.

Medumi Park is a popular place for relaxation – this is place for fishing and relaxation on the beach of Medumi lake, which is also available for people with reduced mobility. In the park is located 2 km long trail, which crosses the “Bridge of Love” and runs along the First World War trenches and the basement of the manor.

Freely available to visitors every day.

Free of charge.
