

Glemping "Velo Latgale"

Camping

Accommodation is offered in two spacious dome tents located right on the shore of Lake Sargova. One of them — “Niedres” (40 m²) — is suitable for year-round living, as it is heated by a pellet boiler. The other one — “Ūdensroze” (30 m²) — is ideal for the warm months of the year.

The dome tents are fully equipped with everything needed to enjoy a peaceful and unhurried holiday in nature. They feature a spacious room with high ceilings and a lake view, a wide and comfortable bed (1–3 extra beds or a baby cot can be added), a fridge, microwave, dishes/cutlery, kettle, hairdryer, air conditioner, and Wi-Fi. A cosy wood-burning stove will keep the tent warm and create a pleasant atmosphere, while household appliances provide additional comfort.

The dome tents are set on a large terrace with chairs and a table, where guests can enjoy meals outdoors while overlooking the lake. Next to the terrace there is a grill with all necessary accessories.

WC – traditional outdoor toilet. Hygiene is ensured by an outdoor sink and a summer shower. Guests can always relax in the sauna, hot tub, or swim in the lake during warm weather.

We are committed to sustainability, so we sort waste and use solar energy for outdoor lighting and the summer shower.

Guests are offered:

- several SUP boards for exploring Lake Sargova in all directions;
- bicycles with equipment for rides around Izvalta and the nearby area, either along local routes or regional trails;
- the opportunity to go boating or pedal boating, catch the biggest fish, or enjoy a beautiful tan;
- a chance to see sheep and lambs, and take part in simple farm activities;
- to enjoy the sauna and relax in the hot tub;
- free board games and garden games available for rent for a symbolic fee;
- to enjoy the harmonious rural environment.

For an additional fee (depending on guests' wishes and budget), we provide festive decoration services.

Address: Mazie Onzuļi, Izvalta parish, 13.7 km from Kraslava, Krāslava, Krāslavas nov.
