

The way of crucifixes

29 roadside Crucifixes have been saved and restored. In 20th Century (1920 – 1930) there were 44 crucifixes in the surroundings of Vabole. After 1940 most of them were destroyed. Between 1980 and 1990 began restoration works initiated by the inhabitants of the villages. “Solys krysts”, the project organised by the Skrinda family museum restored crosses in Pudani, Vabole, Mukani, and Svetini. They have been integrated into the tourist route.
